ANNUAL E-GOVERNANCE REPORT

E-Governance is the use of information and communication technologies (ICT) in organizations to provide user services, to improve work efficiency and to promote democratic values. It is being used as a platform for efficient, transparent and timely delivery of services to all the stakeholders. In essence the purpose of e-governance is to bring transparency and efficiency in the working of an organization. This urge for transparency and efficiency is derived by the demand of ever increasing aspirations of information age. Speedy and cheaper communication, convenience, transparency, accountability, improved customer services and increased access to information are some of the basic parameters on which the concept of e-governance relies and finds its foundation.

JSSP College, is trying its best to keep pace with the recent applications of e-governance in terms of various functions being performed digitally through internet. Most of the staff and students use smart phones to utilize the benefits of modern day technologies available in the field of higher education. Regular digital literacy programs are conducted for students and staff-members. A well equipped IT-Cell has been established in the College to monitor and regulate smooth functioning of computer systems and to address all IT related issues so that maximum benefits could be ensured out of them. Students and staff-members are provided help-desk pattern assistance and support through IT-Cell in case of software and online portal related issues. Not only that, IT-Cell maintains online MIS and other data formats of the College up-to-date. The overwhelming response of human resource to digital technology has strengthened the prospects of e-governance in different areas of operation. By and large, in JSSP College the following operational fields of educational administration have been identified for realising the exquisiteness of e-governance.

Planning and Development:The following main organizational assignments are carried out online-

- Working with various web-based MIS modules
- Communication through e-mails to government and other agencies
- Proactive disclosure of incessant information on its web-page
- Large scale computerization
- Conduction of computer awareness programs for teachers and students
- Management of e-library, and
- Endless such functions as components of e-governance scheme

Administration:--The ICT based significant institutional tasks carried out online as part of the e-governance program can be outlined as-

- Management of e-service books (ER Sheets) of employees
- Supervision of various scholarship schemes
- Maintenance & disclosure of comprehensive information on its web-page
- Development of ICT based infrastructure in the College
- Applications including transfer applications & online leave management through IFMIS module
- Wi-Fi campus and biometric attendance system
- Fully computerised office and academic departments

- Conduction of seminars/workshops/training on digital literacy
- Organization of computer awareness programs
- Management of e-resources in central library & departmental libraries
- Availability & monitoring of SWAN LAN/RF/internet connection
- Issuance of salary/GPF e-slips
- Disbursement of GPF part-final/advance payments
- Salary payment to employees through net-banking
- Management of College web-site (www.jsspcollege.in)

Finance and Accounts:- Outlined below are some of the major assignments being performed digitally at College level-

- Online payment of examination and admission fees
- Pay bill preparation & management of various scholarship schemes
- All kind of payments including salaries to staff-members
- Disbursement of salary slips & accounting of GPF
- Hands-on disclosure of budgetary/financial data on its web-page
- Conduction of computer awareness programs for office-staff
- Management of College accounts and many such functions as required.

Students' Admission and Support:- Online admission and support activities include the followings as such-

- Disclosure of admission rules/schedule on web-page
- Verification of documents, payment of fees & other admission formalities
- Preparation & publication of admission rolls and related statistics
- Admission related data management through web-based MIS & e-mails
- Management of different scholarship schemes for students
- Disclosure of students-centric information/data/materials on web-site
- Wi-Fi campus & Availability of internet/e-resources in library
- Running of computer based programs/courses
- Conduction of computer awareness/digital literacy programs for students
- ICT based teaching in smart class-rooms, and
- Maintenance of students' attendance in web-based formats.

It may be summarized that full spectrum of e-Governance/ ITES is implemented through interactive public portals of University of Mumbai, Director of Higher Education, Govt. of Maharashtra along with the softwares from UGC (INFLIBINET) and private vendors, viz, Inficare Solutions.

E-GOVERNANCE POLICY

Scope: The scope of this policy extends to the following areas:

- General Administration
- Student Admission
- Examination
- Library
- Accounts and Finance
- ICT Infrastructure
- E-waste Management

E-Governance Domains:----

General Administration:

Attendance Management Software to be used by Administrative Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Semester End Reports should be generated to automatically calculate the Internal Assessment marks for attendance. Administrative Office should use Advanced Excel and File Management System Tools to maintain effective database. To provide a hassle free, convenient and smooth process, administration of the college to be made paperless. Students must be able to obtain maximum services in online mode. The college will look into opportunities to automate some of its functions related to administration. Admin Staff to be provided with adequate training and development to keep them abreast with the new technology.

Planning and Development:

To evolve and execute a computerized mechanism in proper collection, storage and maintenance of data related to Planning and Development of the institution. Website is put in to full use as a vital information source to all the stakeholders and all important communications / circulars notices are made available in web site to ensure reaching of information to the needy any time anywhere. SMS feature has been put in to maximum use to stay connected with parents, students and staff for the purpose of intimating absentees, academic performance, holidays and other required information.

Student Admission:

An open and transparent strategy for the admission process is followed which is further strengthened by the ethical practices and regulations as opined by the University of Mumbai. The College brings out its Brochure which is displayed on the

website that has guidelines for the admission process. An Admission Portal to be used to manage the admissions in the college. Number of students applying to each course, withdrawals, fee submission, all to be managed through this Portal only. Students are required to submit a separate Online Application Form for taking admission to the college and for this purpose an online software to be used by the Admission Coordinator.

Accounts:

To device and implement online tools for proper updating of accounts. Accordingly, requirements should be assessed by the Governing Body by discussion with accountant and other accounts staff and accordingly new software may be purchased. Appropriate security measures should be taken for maintaining confidentiality of the transactions.

Library:

The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College should continue to subscribe to new journals and books regularly. Recommendations are taken from the teachers and students while subscribing to the e-resources. Teachers can apply to get books of different authors for the subjects they are teaching to increase the knowledge database. The Library to install fully automated library software which should have an easy to use- Graphical User Interface, unicode support with Multilingual Search and export facility for most reports. The use of Online Public Access Catalogue module of the software to allow library database searching by entering preferred terms for information retrieval. The Circulation module of the software should cover all the operations of circulation, right from creating member records to printing of reminders for outstanding books. The Database Maintenance module should cover all operations of database creation and maintenance. To encourage original writing among students and teachers, the Library should provide access to a fully automated software for plagiarism check.

Hardware Infrastructure:

The College to ensure that it has adequate number of desktops and laptops for students and staff. Computers and printers to be made available in the administrative block. Projectors and other multimedia devices to be provided in the auditorium, classrooms, seminar rooms and laboratories. The infrastructure to be complemented by Resograph, computer networking devices, scanners and interactive teaching board/smart board etc.

Software Infrastructure:

The College to maintain adequate configuration servers to allow fast transmission of data to the various computers. Office automation packages for desktops and laptops like Open Office, MS Office and Antivirus to be purchased and updated regularly. The college to provide access to all standard Econometrics, Statistical, computational and scientific typesetting packages.
